Claims 1 and 2 are pending.

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

2. This application is in condition for allowance except for the following formal matters:

A...The abstract of the disclosure is objected to because it is of excessive length and should be made more concise.

B...The title of the invention is not adequately descriptive. A new title is required that is more clearly indicative of the invention to which the claims are directed by making reference to the cassette holder allowing large and small cassettes to be selectively loaded.

C...Claims 1 and 2 are objected to because of the following informalities:
claim 1 - line 8, -- able -- should be inserted before "to be loaded" and -- the -- should be inserted before "cassette opening". Claim 1 - lines 20 and 30, "being" should be changed to -- are --. Claim 1 - line 24, the phrase -- but not the large cassette -- should be inserted before "to be loaded". Claim 1 - line 38, "to be" should be replaced with -- from being --.

D...suggested but not required language changes which the Examiner believes would improve the claims are: claim 1 - line 28, change "a pair of flaps, each flap" to -- first and second flaps, each of the first and second flaps"; claim 1 - line 32, change "the flaps having a width" to -- the first and second flaps being wide --; claim 1 - lines 34, 35, 36, and 39, change "the flaps" to -- the first and

second flaps --; claim 2 – line 2, change “a flap” to -- a third flap --; and claim 2 – line 3, change “pair of” to -- first and second --.

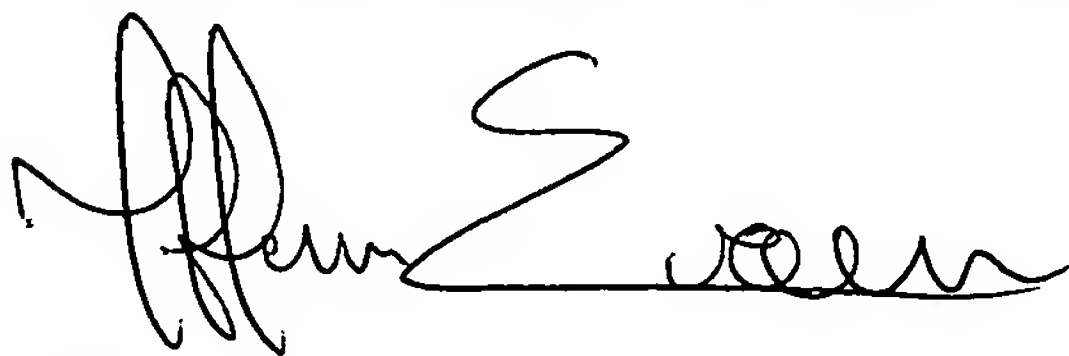

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
